NOTICE TO APPLICANTS

Prospective applicants requesting a meeting prior to the submittal of a development application should complete this form. Its purpose is to provide staff with an understanding of the topic, issues, and items to be discussed, allowing staff to prepare and research in advance to best help prospective applicants in moving forward with their project. It is highly recommended that a pre-submittal meeting be held prior to the submission of any application requiring a public hearing. A sketch or concept plan is also highly recommended.
